

Original Builder Schemes

This document contains the paint schemes used by the developers when Arrowhead Ranch Phase V (Sierra Verde) was originally built. Those colors were produced by multiple paint manufacturers and with few exceptions are no longer listed in their current palettes. To make it possible to obtain color swatches from one source, the original colors have been color-matched to current Sherwin Williams colors. Therefore, in most cases the names you see here will differ from those in the original builder documents.

The schemes in this palette are available based on both your roof tone family and the community in which your house is located. The table below shows which schemes are available to each Roof Tone/Community combination.

Note: *Besides the schemes listed here, every home has at least seven additional color schemes available in the Expanded Color Schemes palette.*

Community	Roof Tone Family	Scheme(s)
Castillo	1	Q
Castillo	2	S
Castillo	3	R
Diamond Vista	1	AK, AL, AN, AQ
Diamond Vista	2	AK, AL, AM, AN, AP, AQ
